Education

Information and communication technology (ICT), OSAO, Kaukovainio unit, Oulu

August 2022 – May 2025

These studies started out with the basics of programming and software development, moving steadily up the scale within the three years, mostly focusing on Unity game development.

On-the-job training

Technological Helper, Taitonetti, Oulu

March 2024 – May 2024

At the computer store, my main job was to dismantle old, unusable computers, sorting out the different parts for recycling. I also installed operating systems to new laptops, sorted laptops by their model onto shelves, and replaced broken parts of laptops with new ones.

Restaurant Helper, Kärppäklubi, Oulu

March 2022 – April 2022

As a restaurant helper, I collected the customers' dishes from tables to be washed at the kitchen, along with moving cleaned ones from the kitchen for new customers to use. I also brought full bottles of soda from the freezer when they were running low and helped with cleaning upon closing.

Background Worker, Lähin Pizza Myllyoja, Oulu

January 2022

In the pizzeria, I prepared servings of toppings for the chefs to use, went to a wholesale store to buy ingredients, prepared pizza boxes, and helped with cleaning upon closing.

Languages

Finnish – Native language

English – Perfect grammar, speech and understanding of non-exotic words.

Delivery Helper, Posti Group OYJ, Oulu

November 2021

While working at the post office, I carried boxes into the post van, gave the driver directions, carried the boxes into their destinations from the van and kept score of the deliveries.

Kaijonharju Youth Center, Oulu

September 2021

I worked in both the Community Center and Nursery sides of the building, swapping sides every now and then. Watching over the younglings, playing with kids, planning activities, cleaning the areas, and helping other workers to use PowerPoint for creating posters.

Restocker, K-Supermarket Vällivainio, Oulu

May 2021

My job at the supermarket was my first, where my role was to restock the products of the store. I also helped customers find their preferred products in the store.

Work history

Café Worker, Café Rantsu, Oulu

July 2022 – August 2022

My summer job at the café consisted of serving waffle cones to customers, preparing sandwiches for sale, collecting trash from the area near the building, preparations before opening and closing for the day, and teaching new workers how to do their job.
